

Swarthmore Public Library Renovation Naming Opportunities

We invite you to leave a legacy to make the renovated Swarthmore Public Library vision a reality.

Gifts of sufficient size to name the new Library, the areas, or rooms will serve as a lasting reminder of the generosity and commitment of the people of our community. All naming gifts will be recognized by the placement of commemorative plaques or inscriptions bearing the donor's name or the names of those being honored or memorialized.

In addition to the naming opportunities here, the Library is happy to work with individual donors to create custom opportunities for meaningful recognition.
